**WASTEWATER TREATMENT
PLANT OPERATOR I/II**

**To apply:
www.hughson.org**

**Deadline For Filing:
Until Filled**

QUALIFICATIONS

Education and/or Experience: Any combination of education and experience that has provided the knowledge, skills and abilities necessary for a Wastewater Treatment Plant Operator I/II. A high school diploma or equivalent. Possession of or ability to obtain, a valid Class C California driver's license.

Qualifications of a I:

One year of experience in the operation and maintenance of a wastewater treatment plant, equivalent to that of a WWTP OIT with the City of Hughson.

License/Certificate: Possession of a Grade I Certificate as a Wastewater Treatment Operator from the California State Water Quality Control Board.

Qualifications of a II:

Three years of experience in the operation and maintenance of a wastewater treatment plant, one year of which must have been in possession of a Grade II Wastewater Treatment Plant Operator certificate.

License/Certificate: Possession of a Grade II Certificate as a Wastewater Treatment Operator from the California State Water Quality Control Board.

ESSENTIAL FUNCTIONS (include but are not limited to the following):

- Operates, monitors and maintains all plant equipment and components, including but not limited to pumps, valves, plumbing, gearboxes, fans, blowers, aerators and flow controls; reads and interprets meters, gauges and charts; maintains and upgrades mechanical and electrical systems.
- Conducts regular on-site inspections of plant operations making appropriate adjustment to process controls, ensuring that operational problems are identified and corrected; ensures that plants are operating within safety standards established by federal, state and local laws, ordinances and regulations; may provide training and supervision for less experienced personnel.
- Performs basic and skilled wastewater pollution control laboratory testing and analysis; takes samples and coordinates detailed testing with outside laboratories; adheres to quality assurance programs for laboratory analysis and instrumentation; prepares and updates reports, including records and logs in compliance with state and federal mandates for reporting.
- Performs maintenance and construction work as directed on the wastewater treatment system and related facilities; maintains plant facilities and grounds in a safe, clean and orderly condition; loads and unloads equipment and materials.
- Establishes positive working relationships with representatives of community organizations, state/local agencies and associations, City management and staff and the public.
